FRIENDS OF BURKINA FASO
LES AMIS DU BURKINA FASO

November 15, 2026

Dear Friend of Burkina Faso,

As chair of the Projects Committee, it is a joy to share the results of our latest *Call for Proposals.* This year, we did something a little different. We invited past partners to submit proposals to further an existing project's impact or to propose a new project based on past success. This allows us to lift up and amplify the work of groups that have a demonstrated track record of impact within Burkina. As we have worked with all of this year's applicants before, the strength of all proposals was exceptionally strong and selecting finalists was not easy. The entire proposal pool showed that **the spirit of *fraternité* is alive and well in the land of the upright people.**

Ultimately, six projects have been selected for FBF partnership in 2026. These projects are located across the country and address a broad array of critical needs, including girls' education, vocational training access, cancer screening and prevention, youth empowerment, market gardening, and support to internally displaced women.

Now we need you! FBF must raise $40,000 to fully fund these 6 impactful projects. Your generous contributions will ensure that the selected groups have the resources needed to implement these projects and serve their communities. Please review the enclosed Projects Overview to learn more about how your investment will make a very real difference.

Donations can easily be made online at www.friendsofburkinafaso.org/donate or by using the attached form.

FBF continues its commitment to sound financial stewardship, working only with organizations with legally recognized nonprofit status within Burkina Faso. Projects are also required to submit financial and technical reports to FBF, documenting the use of partnership funds.

One of our partners shares this reflection about why your contribution matters:

> *"We are so grateful to partner with Les Amis du Burkina Faso once again. It is remarkable to know that we have the support from friends far away that we may never meet but who express such love and care for the population of Burkina Faso.* ***Thank you for your solidarité. It means everything****."*

Amina!

Warmly,

Caroline Chambre Hammock
Projects Chair
